

# Кастомные порты Ingress

```
kubectl patch ds/nginx-ingress-microk8s-controller -n ingress --type='json' -p='[{"op":  
"replace", "path": "/spec/template/spec/containers/0/ports",  
"value":[{"containerPort":80,"hostPort":8080,"name":"http","protocol":"TCP"},{"containerPort":  
443,"hostPort":8443,"name":"https","protocol":"TCP"},{"containerPort":10254,"hostPort":10254,"  
name":"health","protocol":"TCP"}]}'
```

```
kubectl rollout restart ds/nginx-ingress-microk8s-controller -n ingress
```
